BIO

About Joie

Joie Rasberry is an award-winning international orator and keynote speaker, Social Media talk show host, journalist, bestselling author, former Public Affairs news radio co-host, executive trainer, speech coach, actress, spoken word artist, poet, and faith-based media personality. She has spoken in the East Room at the White House for one of the former Presidents of the United States of America, which was broadcast live in 160 countries, won the title of Miss Texas Southern University, making history as the first non-traditional student, traveled around the world globally transforming audiences, and went on to be labeled ‘one of the greatest young speakers of our time’ by Ebony Magazine. Rasberry is a visual speaking experience. With more than 25 years on the lecture circuit, she is categorized as being one of the nation’s best. Her speaking style is engaging, highly substantive, well-researched, pertinent to her audiences, and entertaining, whether for the public or private sector, whether for the marketplace or ministry. She is distinctive and dazzling. Her style is classified as “big, broad, animated, and theatrical,” which leaves her audiences wanting more. With each presentation she demonstrates, yet again, that she is a master at her craft as she artfully seeks to master the spoken word. In sum, she is a dynamic orator and keynote speaker who specializes in ascertaining the organization’s culture, interests, and challenges.

What everyone is saying about Joie Rasberry

"Joie Rasberry is a master at her craft. Whether she is speaking or writing, her literary prowess is always on point. She writes for us and has spoken at several of our events. We would not have it any other way."

Marcia Tillman

The Black McDonalds Operator's Association

"Rasberry's writing is powerful and impactful. It is life-changing and quintessential. Her speaking is engaging and mesmerizing. It is polished and articulate. No one and I do mean no one, can do it quite the way she can."

C. L. Mason

Faith of Deliverance Church, Pastor & Founder

"If you are looking for magic, look no further. I discovered why Joie is such an amazing speaker and writer---Because she is a keen careful listener. She has worked with me on several projects, and it never fails, I am always blown away. She is sometimes quiet and unassuming. For instance, she interviewed me once without taking notes. I did not know what to expect. Here is what I discovered. Joie somehow absorbs what you are saying in her spirit. And without missing a beat, the story she wrote compelled me into the stratosphere. I can't explain it, other than she is truly gifted."

Veronica Johnson

Aldine Independent School District

TESTIMONIALS

"Whether you are a budding entrepreneur, have been in business for decades, or have just graduated from college, Joie Rasberry is someone to follow. Her speaking website, www.joierasberry.com, and her writing website, www.thewritespotlight.com, are both sure to enlighten, inspire and empower. She is in a class all by herself. She is different kind of speaker and writer. You must hear her in person and read her work to understand what is meant. I've attended several of her engagements without invitation. She is just that good."

Noah McArthur

N.O.A.H. – Nothing Ordinary About Him/Her

"Joie Rasberry is a master at the podium and an expert with a pen. Her education, expertise, real world experience and care for humanity separate her from the masses. She works within her God-given gifts, asking for no praise. Yet she is lauded globally for being such a force to reckon with. She is truly a national phenomenon."

Terrell Williams

ExxonMobil, Retired Supervisor

"I've heard a lot of great speakers in my lifetime and I've read a lot of good writing. None can compare. This kid is a sensation and I don't think she even knows it. If I had it my way, Joie Rasberry would speak at all of our events and write all of our material. She is just that fascinating, yet she has a very humble and down-to-earth spirit. I am always blessed and honored to work with her."

TESTIMONIALS

"Before you can change your life, you must first change your attitude about things. Rasberry shared her personal story at an event I attended. It was heart-wrenching and tear-dropping, yet it was hopeful and meaningful. She has risen above insurmountable odds. She took her innate gifts, talents and abilities, and changed the course of her life. She fled generational curses that plagued her family and purposely avoided systematic ills in society that took over the neighborhood in which she grew up, thereby creating her own level of prominence and success. This girl's story is truly remarkable and amazing. Perhaps this is why she speaks and writes so passionately. She knows firsthand that sometimes all we need is someone to believe in us and to give us a thumbs up. She made it!"

T. Foster
Global Energy Finance

"Few can take almost any subject matter and make it sound good. Fewer can catapult just about anyone to another level by way of compelling words fitly written and spoken. Joie can. She uses strategy, goodwill and luring content to connect others to the media and draw visibility. She coached me once in Presentational Effectiveness. She understands the added-value in being an effective well-rounded communicator. Without a doubt, she is a powerhouse."
