joierasberryspeaks@gmail.com

Joie Rasberry is a phenomenal speaking experience. With nearly four decades on the lecture circuit, starting at childhood, she is considered one of the nation's best. Her speaking style is engaging, highly substantive, well researched, pertinent to her audiences, and entertaining, whether for the public or private sector. She is distinguished and distinct. Her style is classified as big, broad, bold, daring, and animated, which leaves her audiences mesmerized, spellbound, and wanting more.

With each presentation she demonstrates, yet again, that she is a master at her craft as she artfully masters the spoken word. She uses her background in theatre as an actress, professional experience as an educator in Speech & Debate, and her business acumen as CEO of Rasberry Institute, a public speaking & presentation agency, to intersperse her gifts and talents, allowing her to specialize in ascertaining the organization's culture, interests, and challenges. The client, in turn, receives the value-add of the experience and exposure to this qualitatively measurable speaker, who is, in a word, amazing.

Each year she speaks to thousands of people in public and private organizations, in the United States and internationally. Each company, organization, government agency, faith-based institution, school district, college & university, and non-profit organization has benefited from having Rasberry share her informed, inspirational wisdom and wit. She encourages her listeners to surmount every obstacle that stands between them and what seems impossible.

This global professional orator continues to dominate the marketplace and ministry by preparing meaningful presentations for diverse audiences while meeting them at their point of need.
